

The Brand

Haven is a modern manufacturing partner built around one simple idea, making complex manufacturing feel dependable, seamless, and ready to scale.

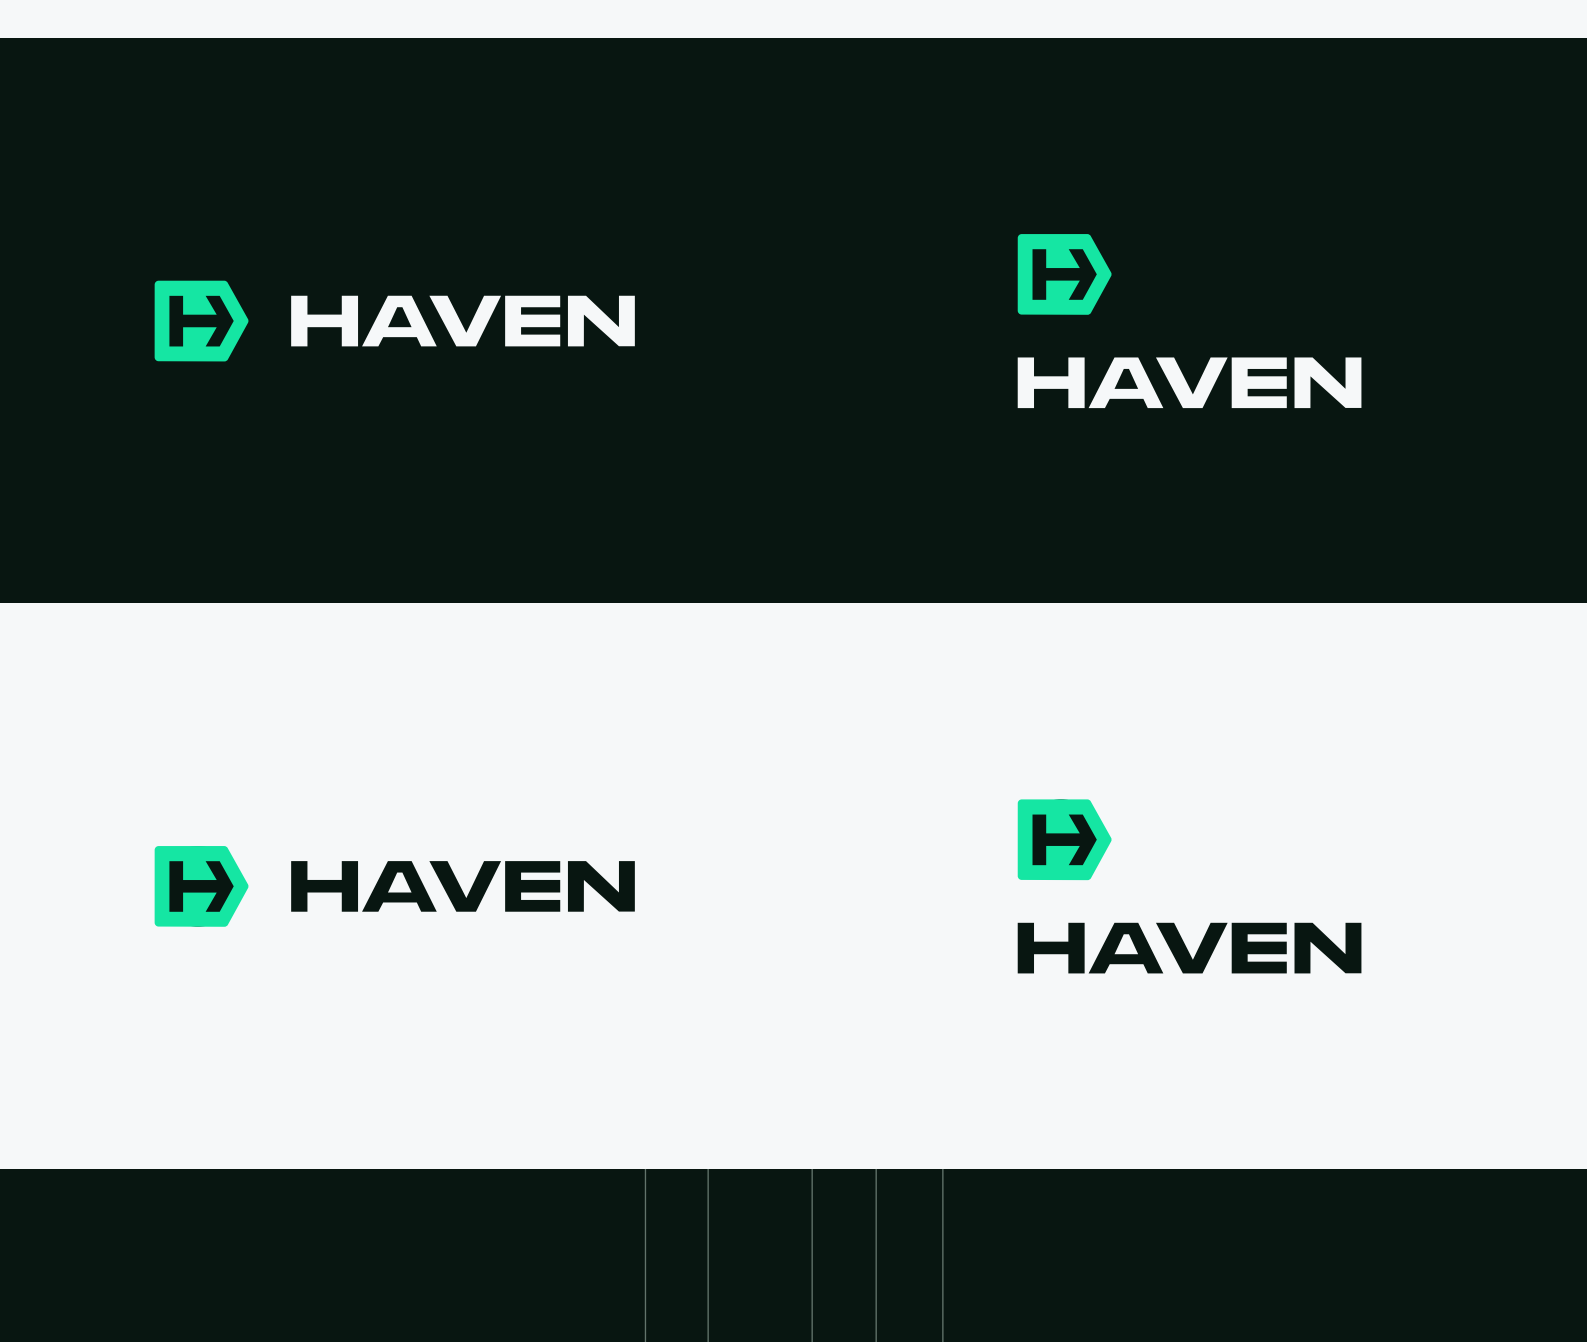

AS9100D & ISO9001 certified partners

Manufacturing-led businesses and innovative companies in housing, automotive, robotics, and heavy industry that need a reliable partner to take complex components from prototype to scaled production.

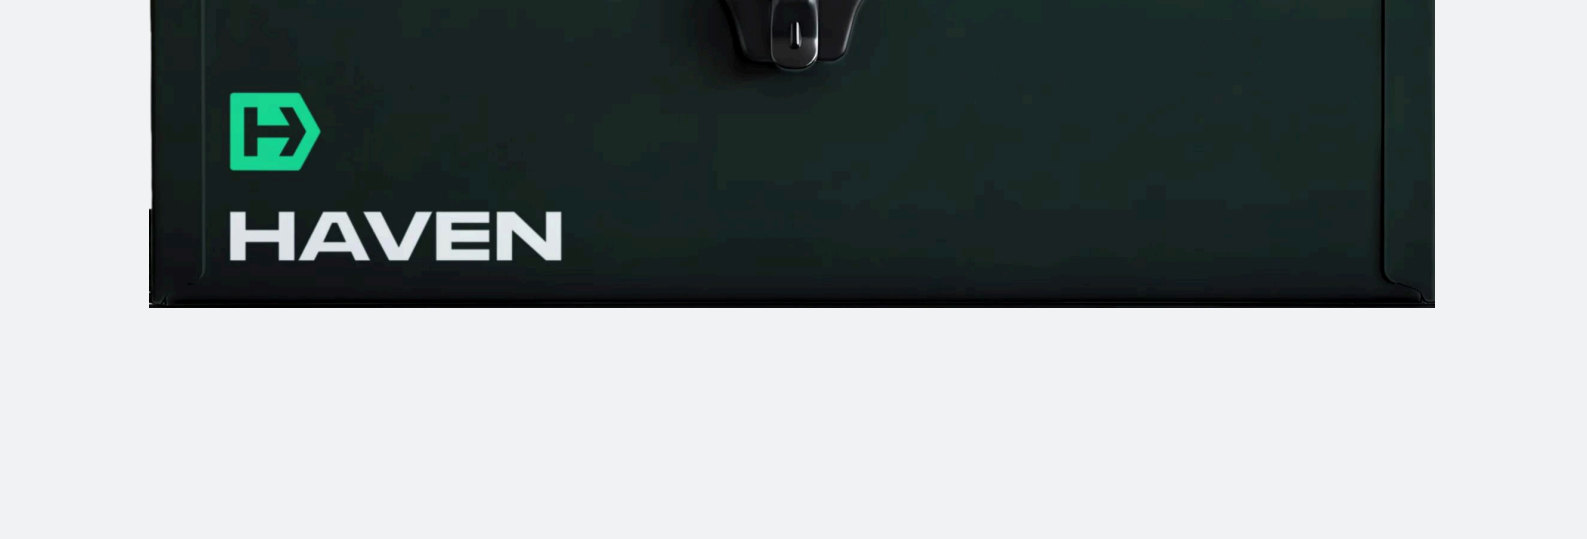

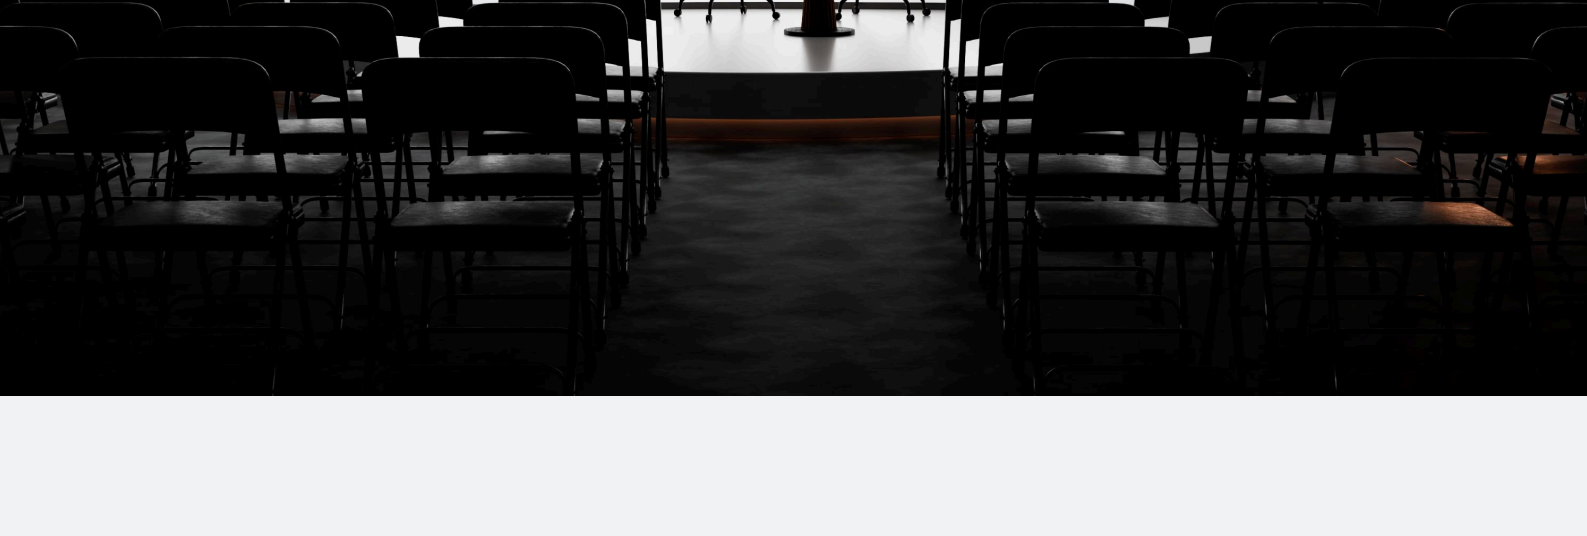

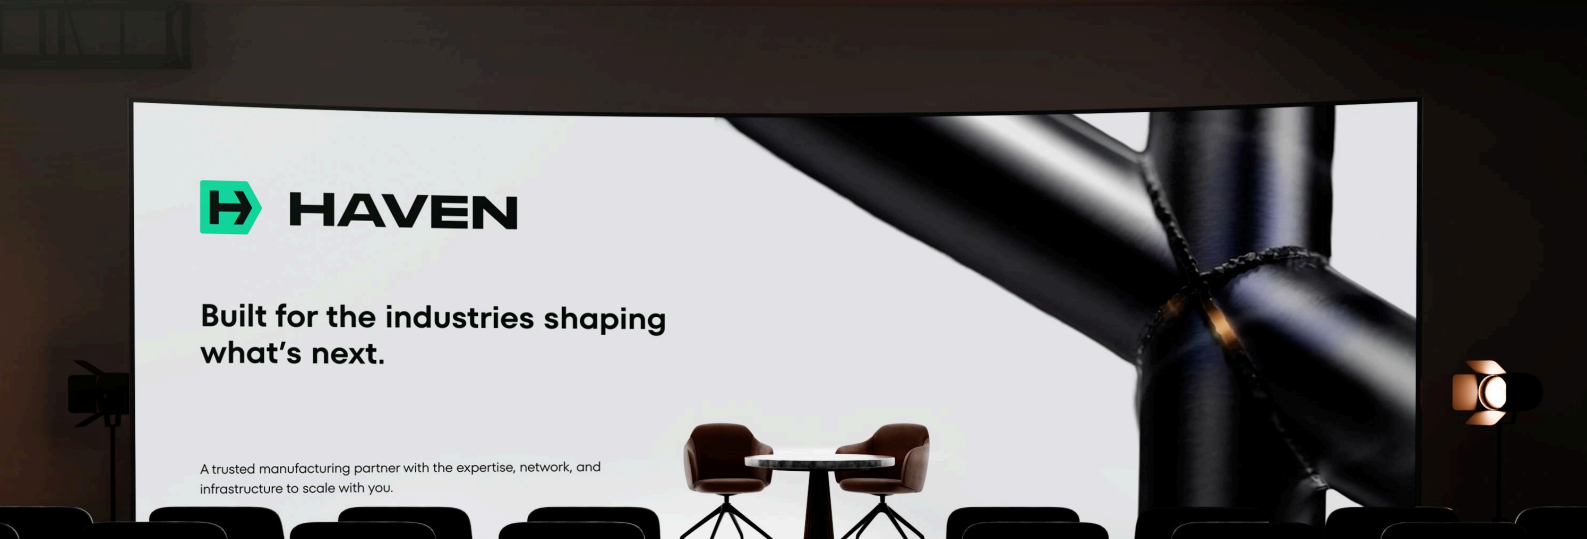

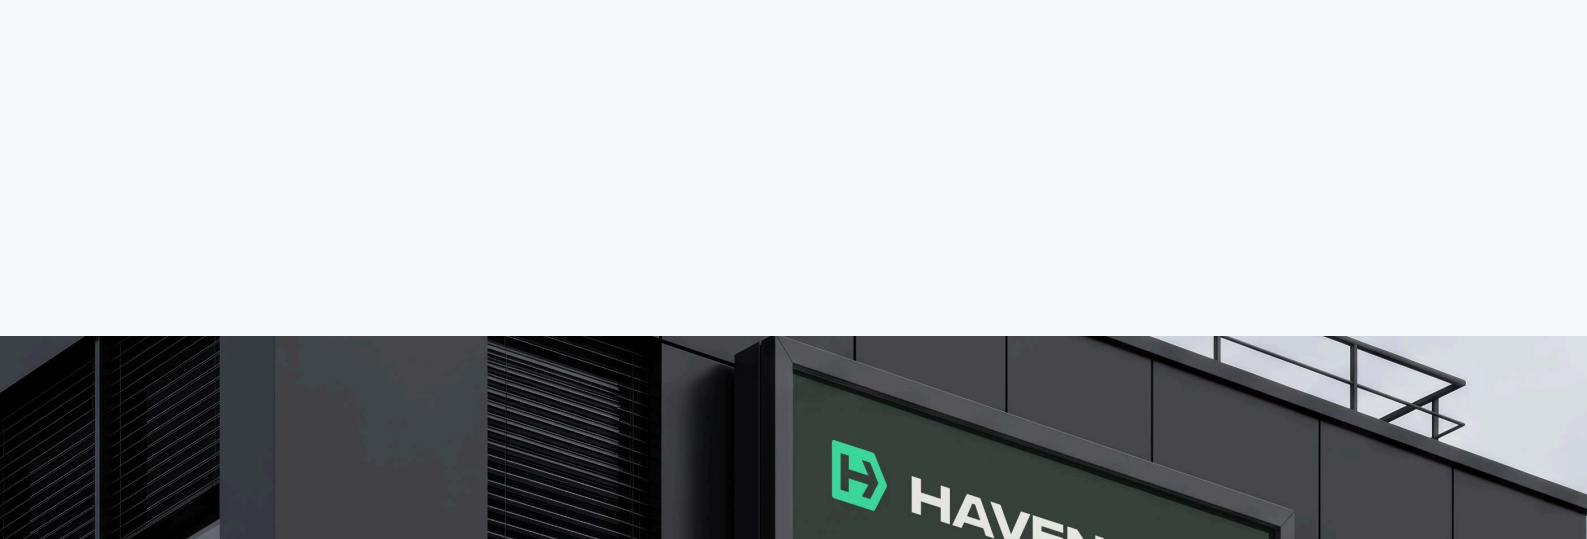

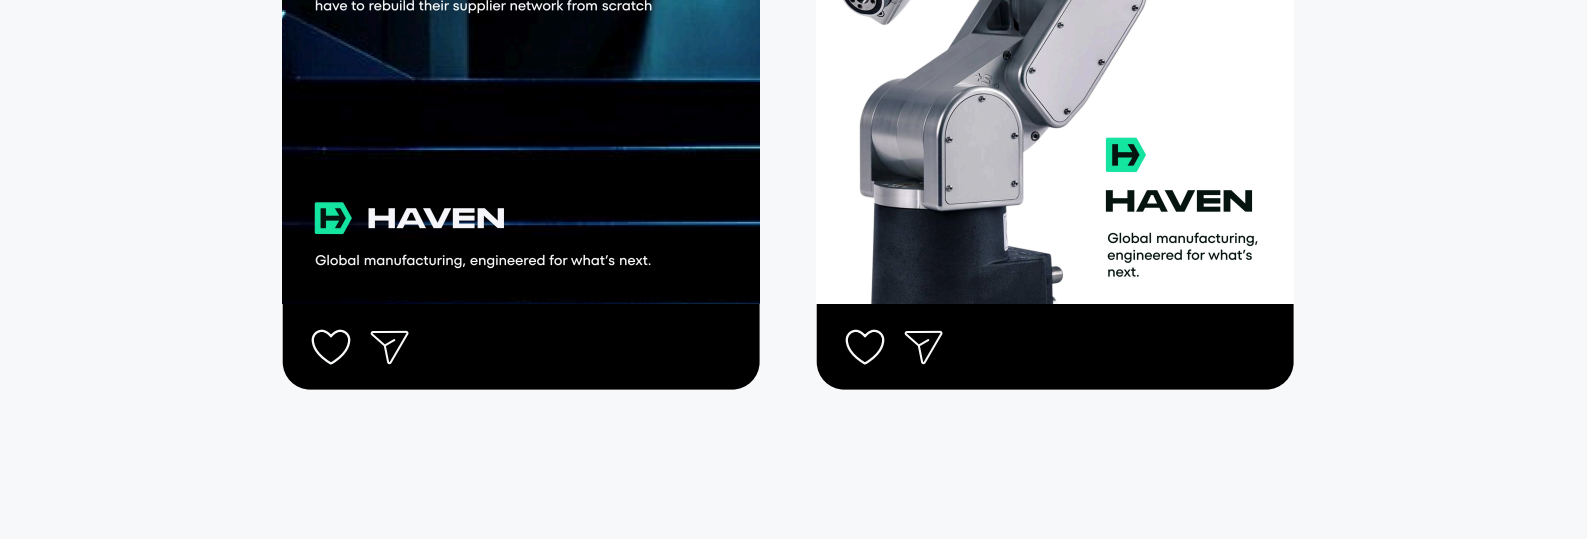

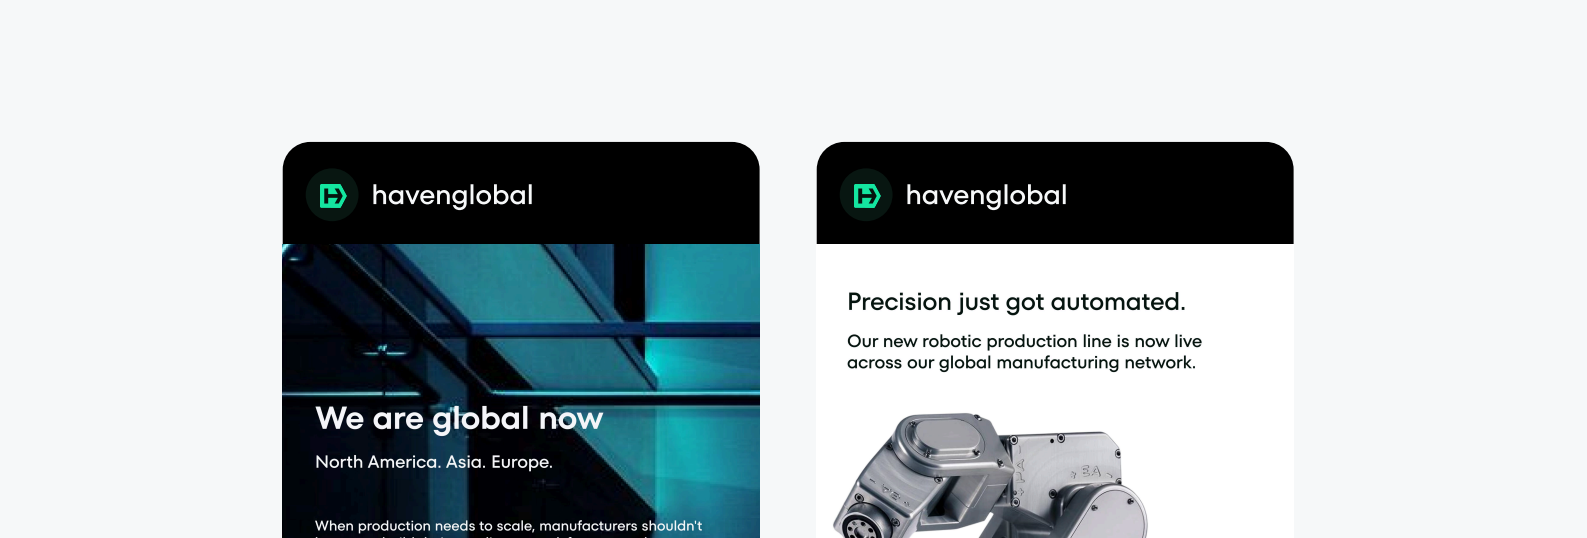

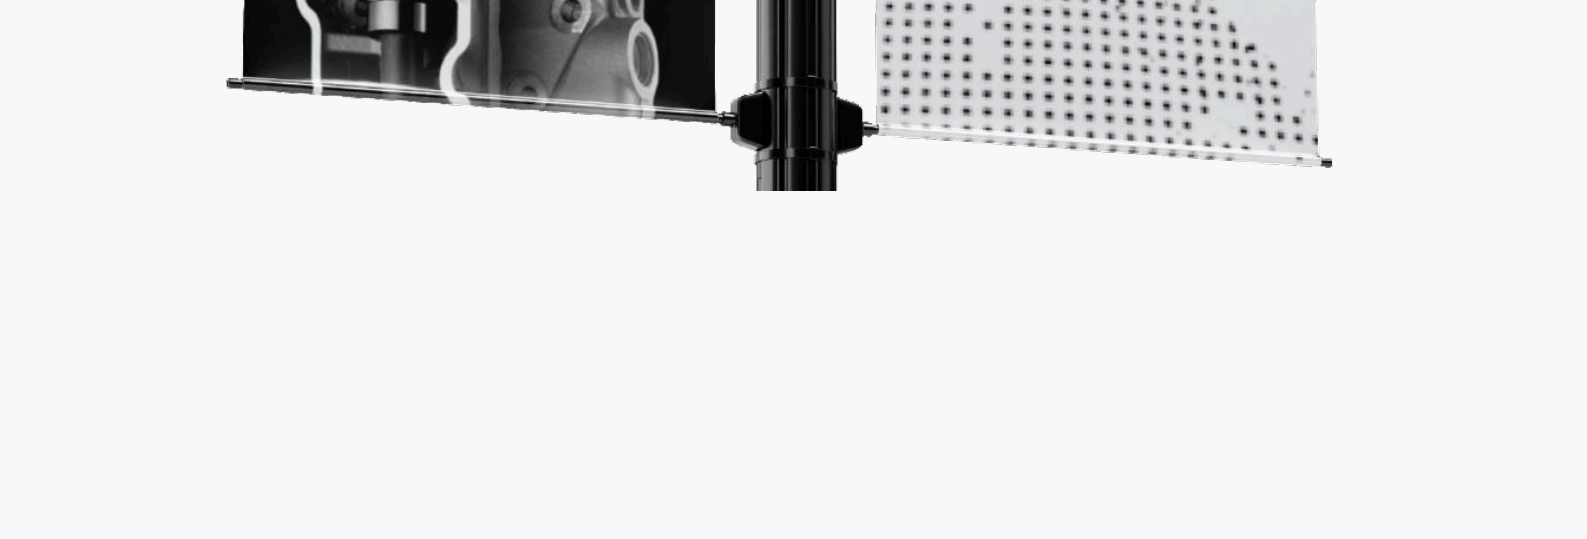

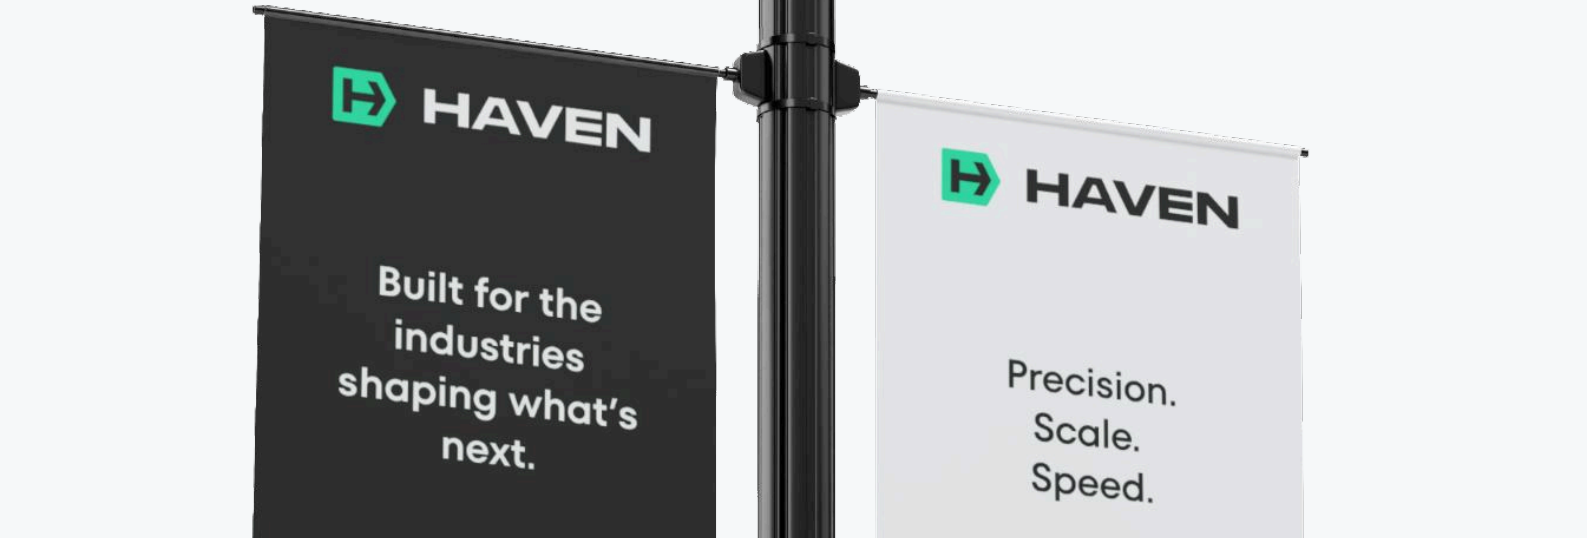

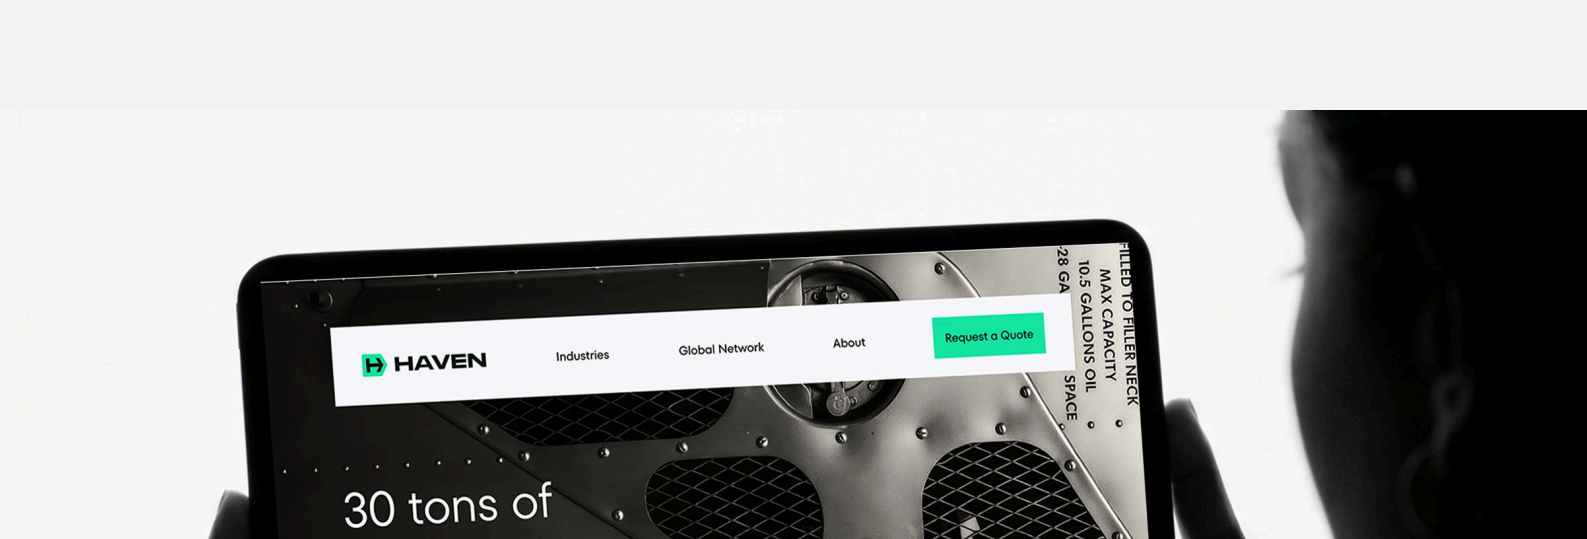

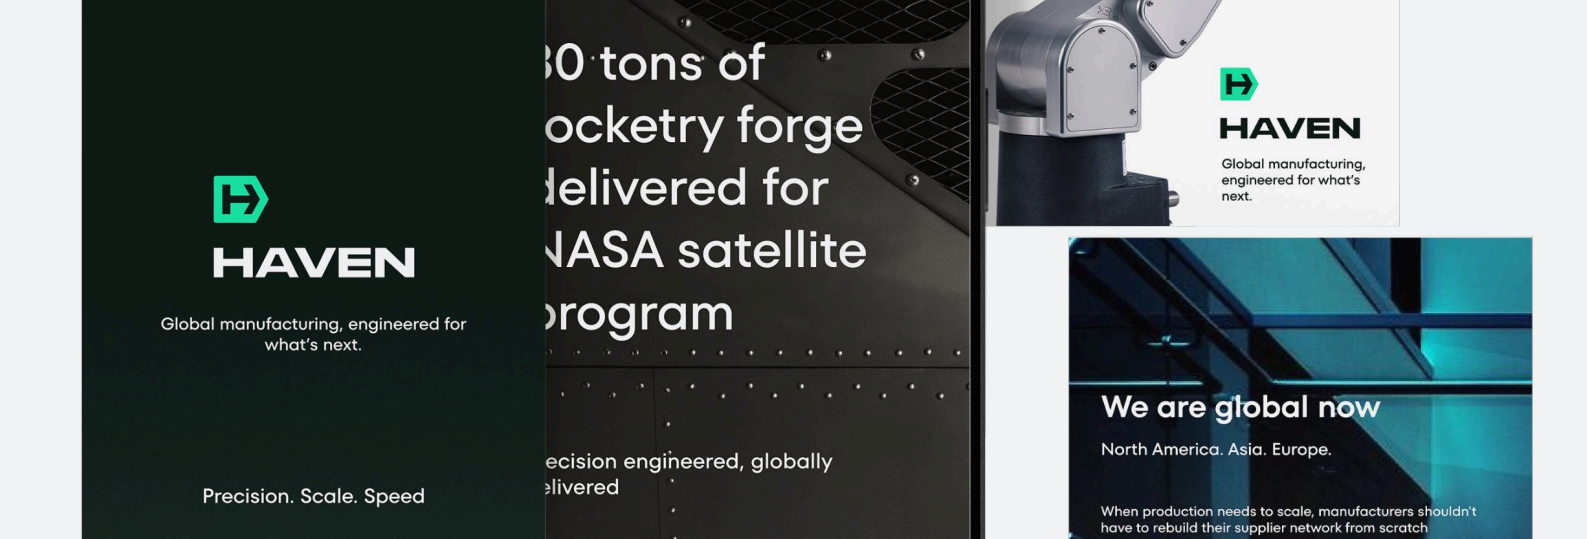

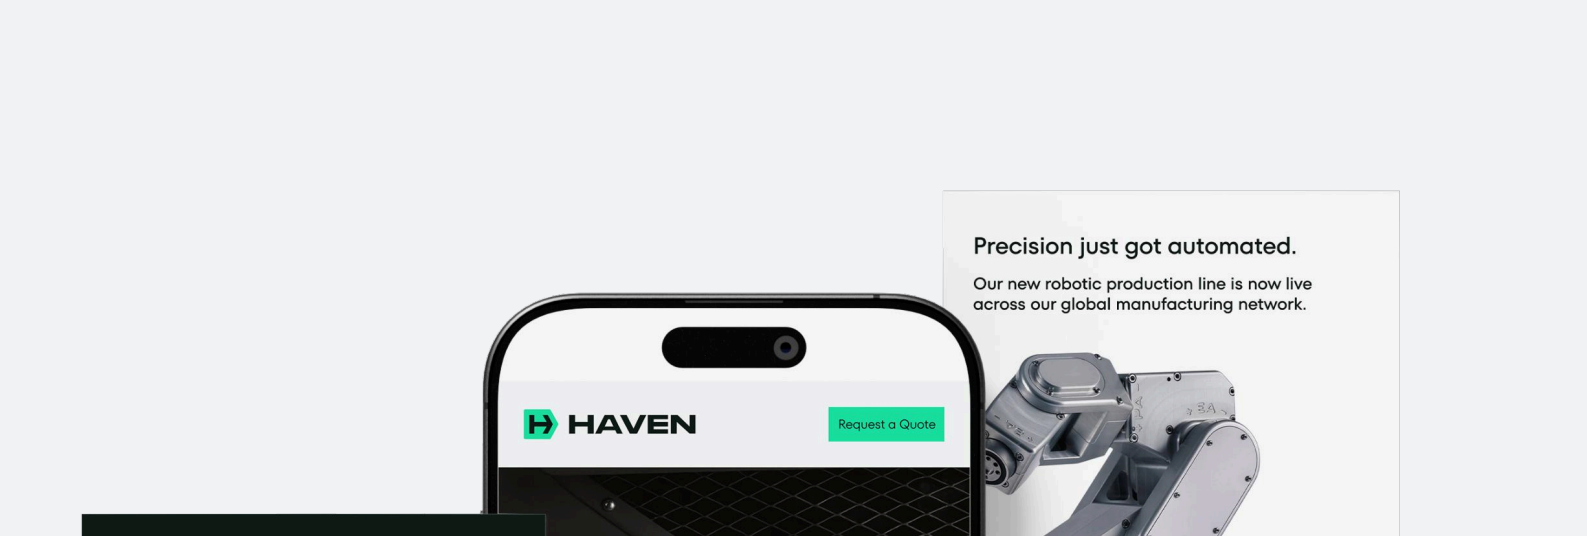

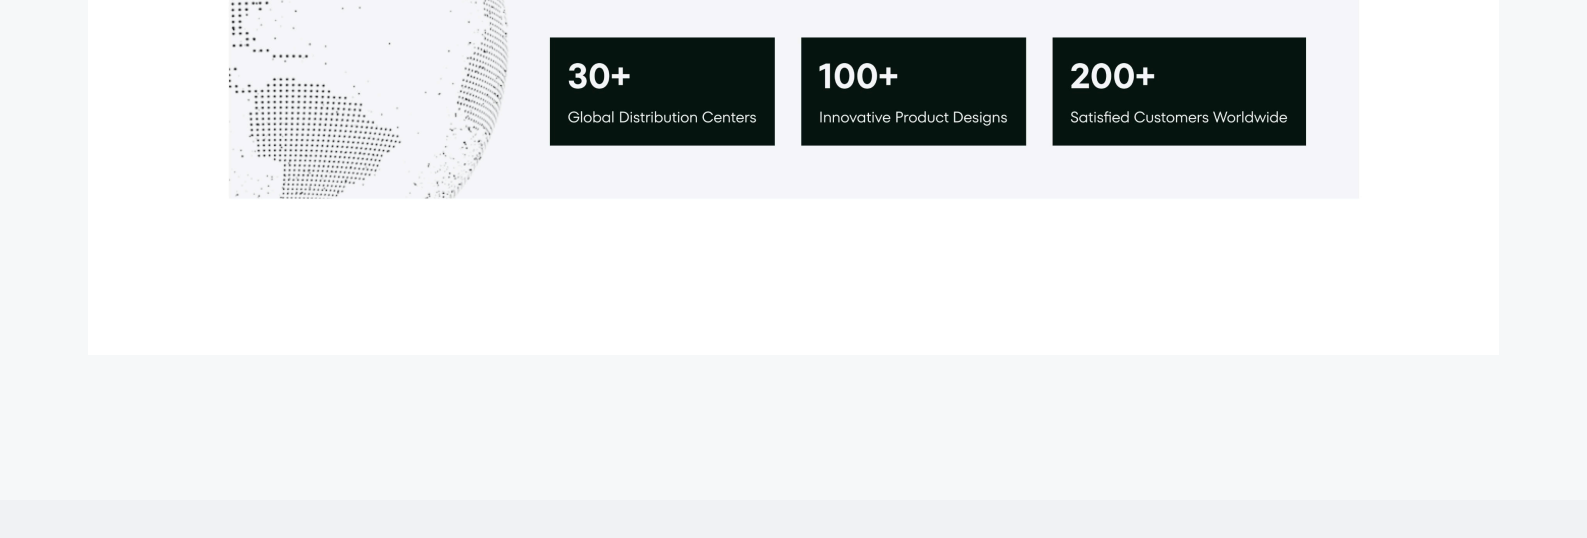

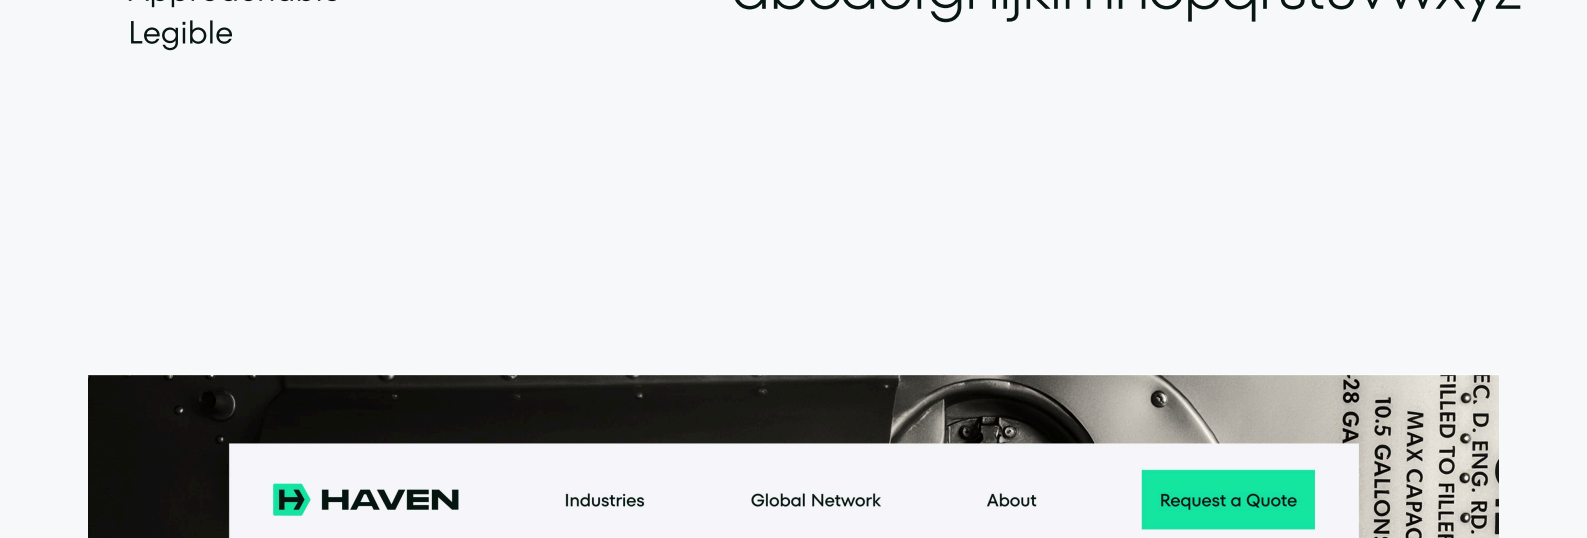

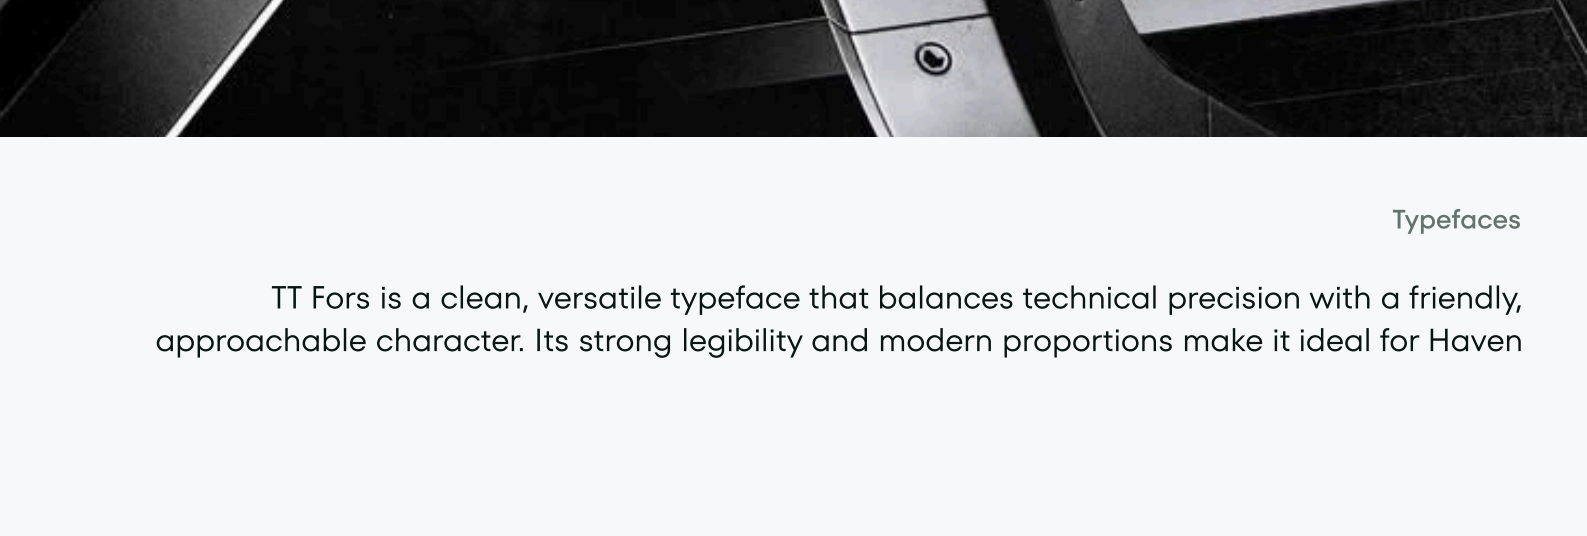

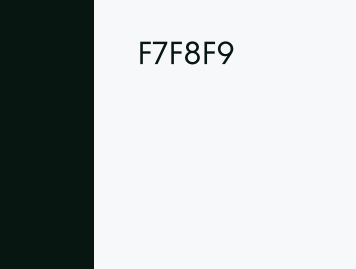

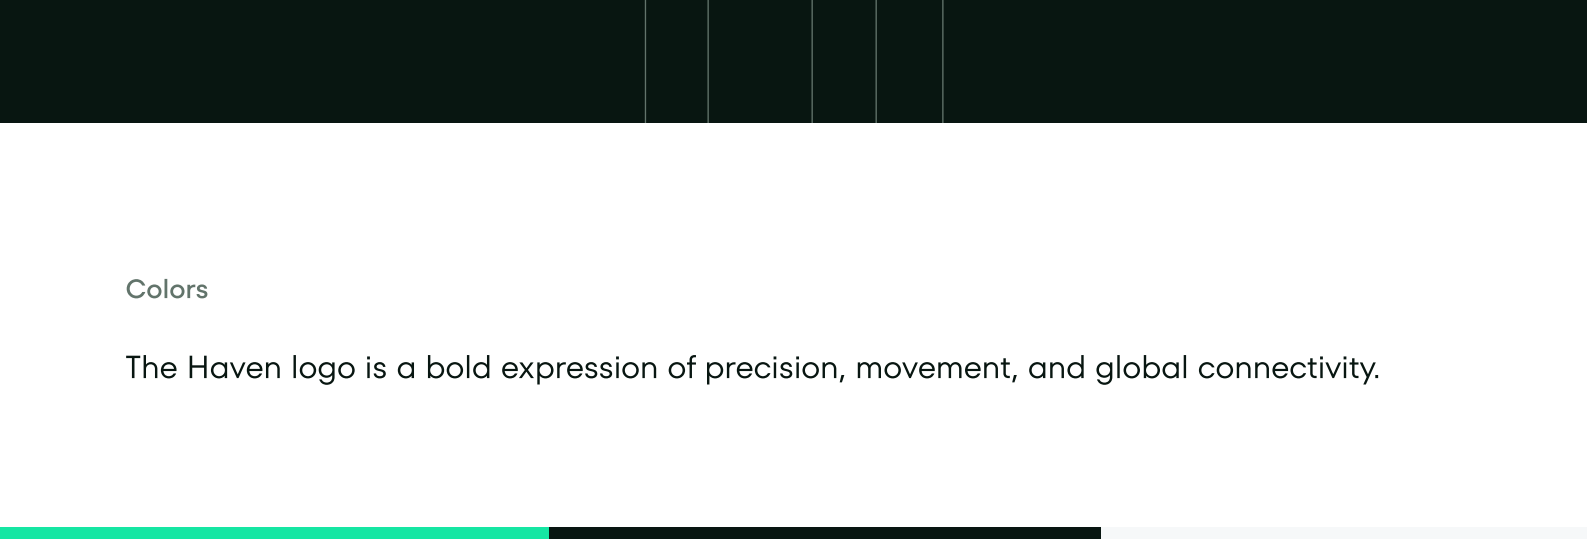

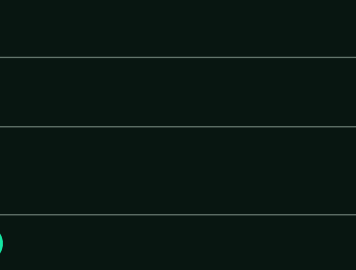

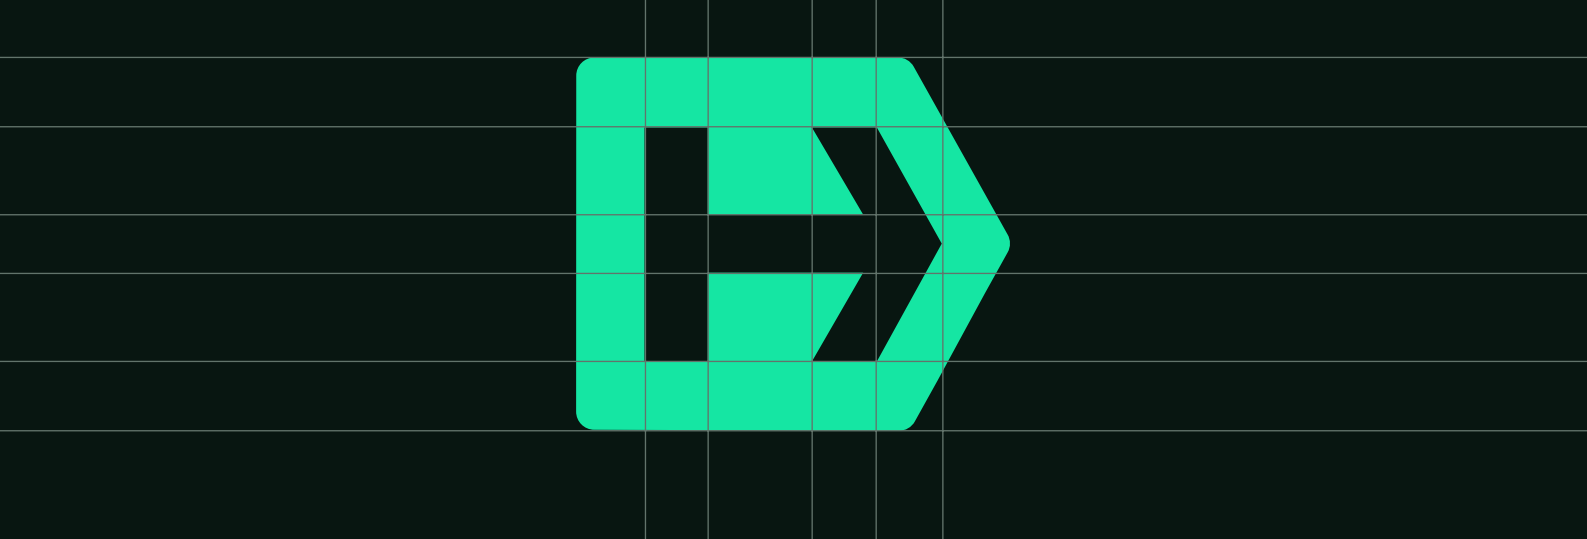

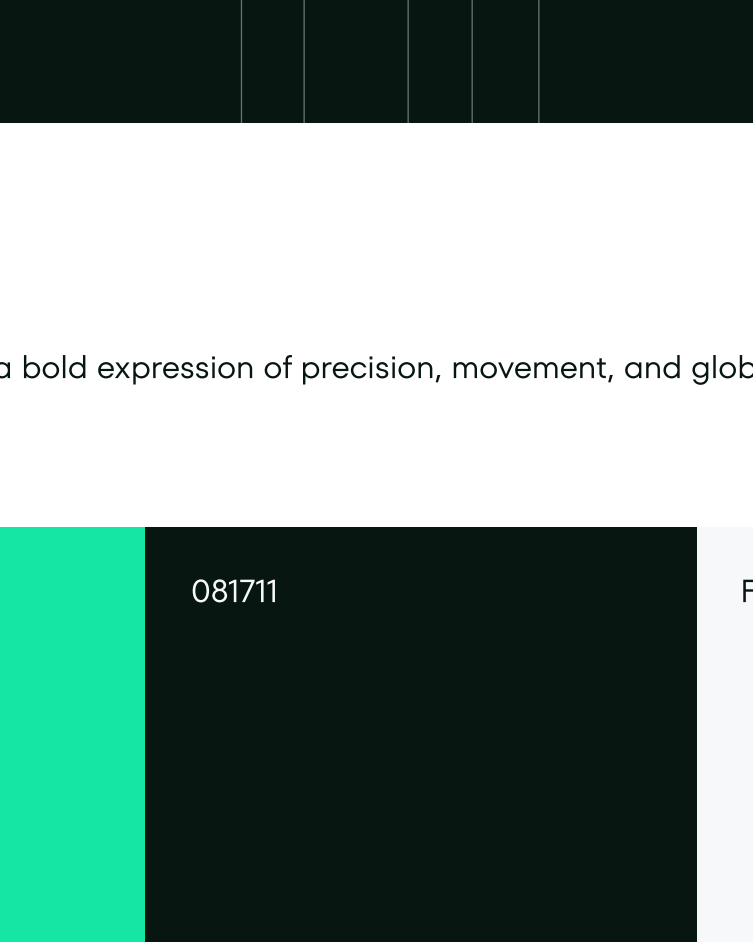

Global scale, Speed, and Reliability

Engineering-led teams moving from prototype to production without compromising quality, speed, or supply-chain control.

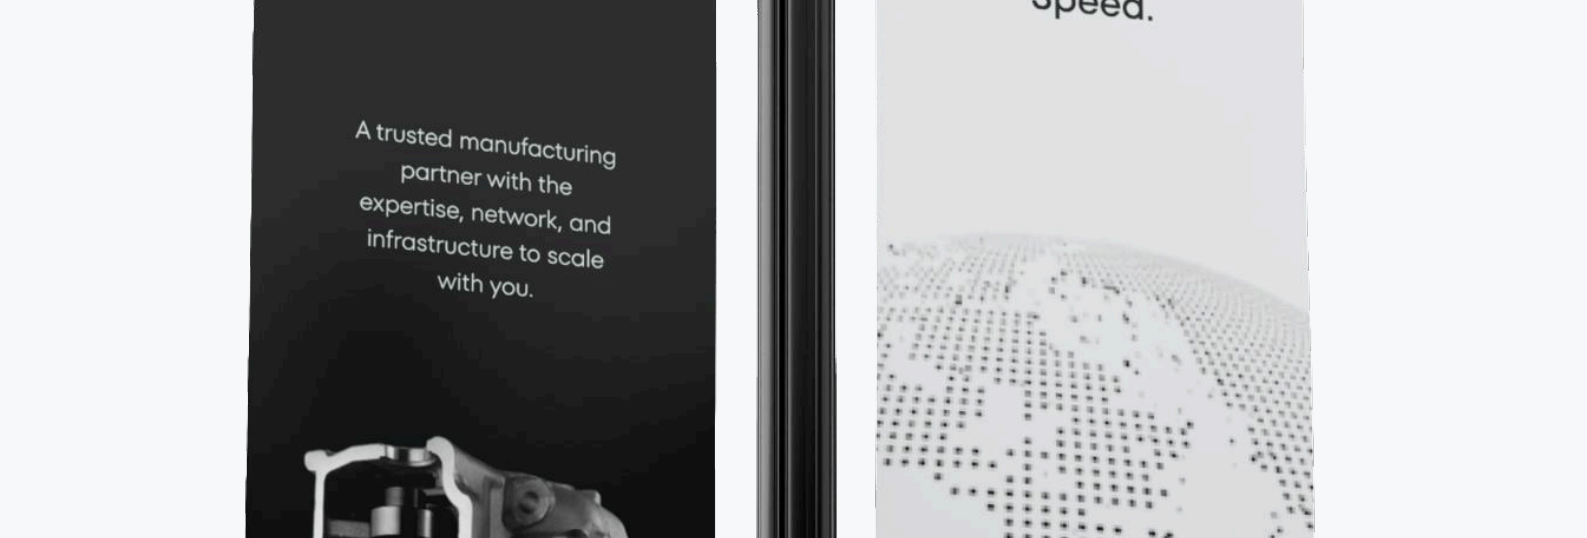

Logo

The Haven logo is a bold expression of precision, movement, and global connectivity.

Colors
